

6th Asset Integrity Management Asia Summit 2018

6-9 February 2018

Kuala Lumpur, Malaysia

Designing and maintaining assets to ensure they remain available, safe and reliable is of imperative importance to oil and gas operators. However, as many of the assets around the world are operating beyond their nominal design life, the challenge is to extend the life of these facilities in order to maintain production volume while preserving the integrity of these assets in a cost effective way.

Equip Global is Proud to Host the Leading AIM Summit Globally for Oil, Gas, Petrochemicals and Power Plant Industries!

The **6th Asset Integrity Management Asia Summit** will take place in **Kuala Lumpur, Malaysia on 6 – 9 February 2018**. This conference focus on addressing the key issues of asset life extension and optimization of maintenance strategies to ensure you improve the integrity and reliability of your assets while maintaining production capability and saving operational cost.
